

April 23<sup>rd</sup>, 2022

Good morning all.

Website Upgrade Update:

“Surround yourself with positive energy. Good vibes translates into good moods and better health all around.”

Sending along some positive energy.

As you know since September 2021, I've immersed myself into the rewrite of our website ( <https://134thahc.com> ). In the last newsletter I announced the site was up and running. Since then it's only gotten better. I can only hope you agree. If you find an issue or error in any part of our story, please contact me.

Recently I upgraded the Recollections section of our site. This project began on the 16<sup>th</sup> of April. Happy to say this section is complete as of last night. Since 1997, 61 recollections have been received and posted.

During the upgrade I've had the opportunity to reread each and every recollection. Great reads. If you haven't had the opportunity to read them, please do. If you have recollections of your time with the 134<sup>th</sup> Assault Helicopter Company please write them down. When ready, please send them to me for posting.

Some of you have sent Then N Now photos which have been posted. So far there are 40 sets of Then N Now photos which can be found under Photo Gallery Menu, Then N Now.

In February the Attention to Orders section was added.

On the 6<sup>th</sup> of April the Poem Café sections was added where you'll find poems and quotes.

Our unit guestbook has moved to the Mail Room section.

I've received a few questions concerning this year's reunion. Current reunion information can be found on the Reunion 22 page.

Remember, I'm always available for questions or comments.
